PUNTA FALCONE**

Guided excursion Mtb

Calamoresca is a characteristic pebble beach located in Piombino, in the province of Livorno. In fact, this small gulf of Piombino is one of the most beautiful beaches of the Val di Cornia and one of the most coveted by tourists and inhabitants of the port city. To spend a day on this delightful marine landing you can choose to make use of the beach or stretch the beach towel on the portion of free beach. Immediately above you can admire the defensive positions still present and open, dating back to the Second World War

The path to reach Calamoresca starts from the parking lot of Torraccia, crosses a stretch overlooking the cliffs and enters the pine forests of the promontory of Piombino leading to Panchinona.
