

FUNNYBIKE RENT E-MOTIONS TOUR

Destination

CASTAGNETO CARDUCCI GRATTAMACCO WINERY

Visit and tasting

Podere Grattamacco was founded in 1977. Located on the top of a hill overlooking the sea between Castagneto Carducci and Bolgheri at 100-200 meters above sea level, the farm is located in a wine-growing area particularly suited for the production of great red wines.

Its location allows the estate to enjoy a dry, mild climate, with significant temperature variations especially at the end of summer. The company covers an area of 80 hectares of which 29 planted with vineyards and 4 olive groves, the remaining area is covered by a large wooded area. Easily accessible by a beautiful panoramic dirt road with unmissable views of the crops lying on the plain below, the sea on the horizon and the rolling Tuscan hills behind.
