Mtb guided visit

The beaches of Scarlino, Puntone, Of the turtles, Cala Felice, Cala Martina and Cala Violina represent a paradise in the heart of the Maremma. Surrounded by a crystal clear sea and a thick pine forest are the essence of nature that bathes this part of the Tuscan coast.

The route starts from the parking lot near the port of Scarlino in Puntone and continues immediately entering the pine forest that runs along the coast. The views of the Gulf of Follonica with the islands of Cerboli and Palmaiola, as well as the beautiful Elba Island in front, deserve the evocative path. The tour continues to the fabulous beaches of Cala Martina, Cala Violina and Cala Civette. The arrival at Punta Ala is always in the midst of the lush Mediterranean vegetation.
